

Air 1 radio station is the only all music christian radio station that we recieve in the Hesperia/High desert area. It's all I and my family listen to. With out Air 1 we would have no reason for a radio in our home or vehilces.

Air 1 is the only station that the community has here to let our little children and easily influenced teens listen to, that does not have vulger language. Nor does it have songs with lyrics about sex, drugs, and every other type of evil, that is the cause of the demise of today's society.

Please reconcider this Low Power FM. Please don't put it in effect. Our community and others around the nation need stations like Air 1.
